

TRESPASS CASE IS OCCUPYING THE COURT

MONDAY OCCUPIED GETTING A JURY AND HEARING PLAIN-TIFF'S WITNESSES.

DEFENDANTS FOUND NOT GUILTY

Case of Rollins vs. Northrup, et al., Takes Up Greater Part of Two Days.

The trespass case of Mrs. Mary Rollins vs. Lyle Northrup and James H. Wheat occupied the entire attention of the circuit court yesterday afternoon and this morning, the jury not being secured until about four o'clock. The following are the jurors: Thomas Joyce, Elmer Sanders, Floyd Teachout, Guy Miller, Harold Spencer, A. F. Remsburg, John C. Lally, Godfrey Dinges, Charles Harrison, Wm. H. Maxwell, Maurice N. Taylor and Clayton Kesselring.

The plaintiff's side of the case was presented before court adjourned last night, the following witnesses being called by Attorney H. A. Brooks: Dean Treat, W. H. Wood-yatt, Mrs. Miller, Mary Rollins, Lemuel Rollins, A. H. Hanneken, Patrick Kelly, Charles Hernse, James Clark, Samuel Huggins, Caroline Harvey and Lyle Northrup.

The defense commenced the examination of their witnesses this morning, and did not conclude until about 11 o'clock, the following being examined: Patrick Kelly, Lyle Northrup, James Foster, Ed. Fane, Patrick Sullivan, Michael Owens, Wallace Seybert, J. J. Getcher, O. F. Drummmond, Charles Bohlken and N. H. Becker. The arguments were begun at that time and continued until 3 o'clock this afternoon when the case went to the jury.

Verdict of Not Guilty

At 3:50 this afternoon the jury returned into court with a verdict finding the defendants not guilty.

The case of Truman vs. Rodesch, an assumpsit case, was immediately called, Attorney Wingert representing Mr. Rodesch and Attorney H. C. Warner appearing for the Truman estate.

HANDY AT TAKING OTHERS' PROPERTY

HARRY GOOD HAD TAKEN MANY ARTICLES FROM DIXON PEOPLE.

Harry Good, the young fellow who was arrested last week by the local officers at the request of the Galesburg police, was evidently determined to get everything he could before the Knox county officials got him. For, after he had been taken to Galesburg it was learned that he had stolen a suit case containing some clothes, a gold watch and razor belonging to Frank Burkholder, from the Manges feed shed, and had also lifted an old overcoat from A. C. Moeller. However, he did not take these articles with him and they were found at his girl's house, where he had taken them the day before he was arrested. They have been returned to their owners.

START ON WALLS OF ELKS' BUILDING

The first window frames of the new Elks' building were set today and the laying of brick will commence tomorrow morning. Architect Mateoson is here today from LaSalle inspecting the work that has been done and outlining plans for future work.

ELEVATING TRACKS ON RIVER STREET

The Northwestern section gang has commenced straightening and elevating the tracks on River street to meet the requirements of the scheme recently adopted by the board of local improvements.

CONFERENCE OPENS TODAY AT JOLIET

METRODISTS OF ROCK RIVER BODY BEGIN SEVENTY-SECOND SESSION.

PROMINENT MINISTERS RETIRE

Delegates to Be Elected—Laymen's Association to Hold Meeting.

Joliet, Sept. 26.—The 72nd session of the Rock River conference of the M. E. church convenes this evening in the Ottawa street church. The 350 members will be entertained by the citizens. Bishop John W. Hamilton is to preside.

Ministers to Retire.

Rumor has it that Dr. A. T. Traveller of City Missionary society fame retires from the superintendency of the Rockford district and will seek a home in Colorado. Dr. Frank Sheets and Dr. J. A. Matlack are being mentioned to ride around in his tracks.

Dr. E. L. Eaton of Emanuel church Evanston, also retires and will probably devote much time to chautauqua and temperance work. Moves are slated for Dr. J. M. Tabor of Court Street, Rockford; Frank Barnum of Centennial, Rockford; J. G. Hemmen way, Evanston; H. O. Enwall of Trinity; C. Briggs of Ingleside Avenue; E. E. McKay of Garfield Boulevard and J. C. Anderson of Willard.

Delegates to Be Elected.

The topic of the hour is not appointments but that of the coveted honor of being elected to the general conference at Minneapolis in May. Who it will be, is the question. It is conceded that Dr. W. O. Shepherd, superintendent of the northern district, will lead the delegation.

Others are Dr. Rowe, who fills the executive chair of the City Missionary society; Dr. C. W. Stuart, editor of the Northwestern Christian Advocate; Dr. Holt and other Chicagoans. Then there are C. S. Moore of Dixon, John S. Thompson of Wheaton and Brushingham of Sycamore Bay, Harker of Freeport, Chas. B. Mitchell of St. James, Stephen Harben of the Epworth Herald and T. P. Frost of Evanston.

To Debate Annuity Plan.

The annuity plan for the superannuated will create a debate. Drs. Libberton and Tompkins of the board of stewards are loaded to defeat the action of last year at Dixon in equally dividing the annuity fund between what is known as the "necessitous cases" and those shown as "scandalously rich."

Lay Electoral Conference.

The lay electoral conference will also meet to elect delegates to the general conference, Dr. A. W. Harris of Northwestern university; George Dixon, Perley Lowe, S. B. Jones, D. R. Anderson, A. R. Clarke, E. H. Nichols and others from the country districts are being boosted for the delegation.

Between 30 and 40 young theologians will tomorrow take examinations in some of the classes of a four years' rigid course of study.

To Attend Conference.

Rev. and Mrs. C. S. Moore went to Chicago this morning and then to Joliet to attend conference.

CITY COUNCIL MET BUT TO ADJOURN

TWO OF FIVE MEMBERS ABSENT SO NO BUSINESS WAS TRANSACTED.

Last night's meeting of the Dixon city council was the shortest in the history of the present regime, for with the mayor and Commissioner Schuler absent from the city, and no important business hanging fire, the remaining three ordinance makers decided a meeting that would satisfy the law was all that was necessary. Accordingly the minutes of the last meeting were read and approved and the council adjourned.

LICENSED TO WED

A marriage license was today issued today to Stanley H. Noble of May township and Miss Geneva Lenzel of South Dixon.

"Y" MEMBERSHIP CAMPAIGN NEAR

MUCH INTEREST TAKEN IN THE PLAN TO BE STARTED FRIDAY.

GYM. CLASSES START MONDAY

Business Men's Class Will Be Organized at 5 p. m.—Ladies' Day October 4.

Activity in preparation for the Y. M. C. A. membership campaign is rife at the association building, inasmuch as the campaign commences Friday morning and continues for ten days. Interest in the event is marked, the arrangement for payment of the membership and the cut price having aroused a great deal of discussion. The cut rate and easy payment plan is applicable to renewals, also, according to an announcement made by Secretary Bailey this morning.

First Ladies' Meet.

The first ladies' meeting will be held a week from tomorrow. There will be no class that day, but the time will be occupied with organization and instruction, and all ladies who are interested are requested to call at the association building that afternoon.

Class Next Monday.

The gymnasium season will be opened Monday at 5 p. m., when the first business men's class will be organized. It is hoped to make the men's classes the strongest this year in the history of the association.

JOHN COFFEY VICTIM OF HEART TROUBLE

HAD BEEN ILL SOME TIME, BUT APPARENTLY BETTER BEFORE DEATH.

John Coffey, a well known resident of this city, died suddenly at his home, 511 Madison avenue, this morning at 8:30 o'clock, death being occasioned by heart trouble. Mr. Coffey had been ill for some time, but was supposedly better this morning. In fact an hour before his death he was in better health apparently than he had been for some time.

The funeral will probably be held Thursday morning at 10 o'clock. However, further announcement concerning the services will be made later. The deceased was in his 56th year and was a native of Ireland, coming to this country many years ago. He has been a familiar figure at the milk factory in this city, having been one of the steady standbys of that institution for over 20 years, and there as well as in the home he will be missed, as his temperament was such that all who knew him were friends. He was a conscientious worker and a staunch friend and a host of friends mourn his death. He is survived by his widow and three daughters, all at home: Nellie, Birdie and Anna.

TRAINMEN OFFER TO DONATE SKIN

GRAFTING OPERATION WILL BE PERFORMED UPON ALBERT HASSELBERG.

The attending surgeon announces that the grafting of the skin on Albert Hasselberg's leg will take place some day this week, the young man's condition being so satisfactory as to warrant the operation this week. A surprising feature of the case was made known today, when sixteen members of the Brotherhood of Railway Trainmen, of which organization the injured man was a member, volunteered to sacrifice some of their skin for their fellow worker. The surgeon, however, does not at present, know whether he will have to accept any of the offers.

TWENTY-FIVE DIVORCE SUITS IN WHITESIDE

The bar docket for the October term of the Whiteside county circuit court has just been issued and it shows a total of 25 divorce cases to be tried.

WILL MACADAM AROUND STATION

NORTHWESTERN RAILWAY CO. WILL MAKE A GREAT IMPROVEMENT.

TO USE TEN CARS WHITE ROCK

Foundation Is Laid for New Steel Water Tank, Soon to Be Erected.

The announcement was made today that the Northwestern Railroad company will in a few days start macadamizing the roadway near the passenger station with crushed white rock. Ten carloads of the macadam will be used here, three of which have already been received, and the improvement is one which will meet the approval of the patrons of the road.

The company owns all of the street around the depot and for some time it has been in bad condition, the heavy traffic of the drays, autos, etc., having cut it up so badly that heavy rains leave it in deplorable condition. The company's determination to macadamize the street is in line with similar improvements that are being made at other large stations.

Foundation for Tank.

The company is also making satisfactory progress on the new steel water tank to be located here. The concrete foundations are complete, the new and larger water mains have been laid from the tank site to the Dixon Water company's connections on Nachusa avenue, and the new and larger penstock has been put up. It is expected the steel men will arrive this week or next to erect the tank, inasmuch as the old tank and small penstock are not of sufficient capacity to allow quick watering of the engines.

DESERTED WIFE AND TWO CHILDREN

ELIAS JONES LOCKED IN COUNTY JAIL TO AWAIT HIS HEARING.

Elias Jones was arraigned in Justice Kent's court this afternoon on a charge of wife abandonment, and in failure of bail, was remanded to the county jail, where he will be held until tomorrow morning when he will be given a hearing. Jones, who was arrested in Oregon Saturday at the request of the local officers, is charged with having deserted his wife, who is a paralytic, her baby and a small girl. The woman and her children are now at the county farm.

DR. L. P. LUDDEN AT ST. PAUL'S CHURCH

WESTERN SECRETARY OF HOME MISSIONS WILL SPEAK WEDNESDAY NIGHT.

Rev. L. P. Ludden, D. D., of Lincoln, Neb., the western secretary of Home Missions of the Lutheran church, will speak at St. Paul's Lutheran church tomorrow evening. Dr. Ludden is a very entertaining and interesting man and it will be a pleasure to hear him.

IS CHARGED WITH WIFE ABANDONMENT

WALTER THURM ARRESTED IN STERLING AND BROUGHT HERE FOR HEARING

Walter Thurm of this city was arrested by the Sterling police, brought to Dixon by Deputy Sheriff Eberle and arraigned before Judge John B. Crabtree yesterday, charged with wife abandonment. Thurm immediately engaged Attorney John E. Erwin to defend him, and the case was continued until next Saturday, the defendant being released under a bond of \$300, which was furnished.

DELEGATES WORKING FOR CONSERVATION

R. W. SPEER
Denver Mayor Who Forced Marine Corps to Haul Down Flags.

ENTHUSIASTS FROM MANY STATES GATHERED AT KANSAS CITY.

VALUE OF NATURAL RESOURCES

Congress Is Addressed by Judge Lindsay of Denver on Conservation of Children.

Kansas City, Sept. 26.—At the conservation congress in Convention hall delegates, public officials, representatives of governors and others told of the progress of the spirit of conservation in states from the Atlantic ocean to those on the sunset side of the Rocky mountains.

Speakers told about how conservation was applied to everything, from the overflow water of the Illinois rivers to the shrimps of the Louisiana. Men from Nebraska and Minnesota told about how they increased the productivity of the soil. Delegates from California told about the conservation of minerals and trees, about the efforts that are being made to store the water supply and increase the supply of cheap power in the western states.

Judge B. B. Lindsay of Denver told of the effort to conserve the children of the cities and farms.

"The government of the United States and this state of California are combining in their efforts to increase the usefulness of the natural resources," P. J. Baumbartner, who represented Governor Johnson of California at the congress, said. "The work has just begun, but we are pushing it. We expect to have cheaper power for lights and manufacturing than we have now."

The only woman representative who spoke was Mrs. Holland C. Day of Idaho. She said conservation was taking hold of the people of Idaho, and its principles were being practiced on the soil and the timber.

Governor Hadley of Missouri, who presided at the meeting, remarked about woman suffrage in Idaho and Mrs. Day left the platform. Turning to the audience, with her hand outstretched Mrs. Day said loudly:

"Woman suffrage is sweeping the nation and it will not be long until you have it in Missouri."

A peculiar feature of this congress as contrasted with the St. Paul congress is the absence of politics in the air. Usually the politicians are busy getting a line on how their prospective candidates stand, but there has been very little of that this year.

TRIED TO BRIBE STERLING MAYOR

WAS APPROACHED BY A CITIZEN WITH A CRISP \$100 BILL.

The story has come to light that an attempt was made by certain interests in the city of Sterling to bribe Mayor J. W. McDonald. The first public utterance of the fact was made in a sermon delivered by Rev. C. A. Ripley of the Congregational church Sunday morning, when he preached a sermon on Slaves and Free Men. The statement was verified by the mayor, who says that he returned the money. The bill was laid upon his desk by a man who said that it was for campaign expenses. This was four days after election and before the mayor had taken the oath of office. The mayor ascertained that the money came from the owner of a house of ill fame, and recent actions show that the mayor is not a man who will tolerate illegal practices in the city over which he has control. The minister praised the mayor for the moral courage he displayed in refusing the bribe.

Extremes of Temperature.

Science reasons that the lowest temperatures at the earth's surface are not found directly at the poles, but at some distance to the south of the north pole and to the north of the south pole. Likewise the greatest degree of heat is not, as might be supposed, to be found at the equator, but prevails at some distance to the north and to the south of that imaginary line. The coldest place on the earth's surface of which there is authentic record is in Siberia. The lowest temperature ever recorded in the open air was 90 degrees below zero F. at Verkhajansk, central Siberia, on Jan. 15, 1885. The highest temperature of which there is an authentic record is 124 degrees above zero F. in Algeria, northern Africa, on July 17, 1879. These places of extreme heat and extreme cold give a range of temperature covering the whole inhabited world of 214 degrees, or two degrees more than from zero to the boiling point.

Don't Breathe Lazily.

"If you are consumptive, if you think you are drifting into consumption, sing!" said a medical man. "Of course singing alone will not save you from consumption or cure you. Besides singing you must have plenty of fresh air and good food. And, speaking of fresh air, I must say that not one person in a hundred knows how to inhale it. People seldom breathe deeply enough. They seldom properly ventilate their lung cavities, which resemble stuffy, insanitary apartments, where all germs thrive undisturbed. Acquire the habit of taking the big, deep breath which is a primary requisite for any kind of singing, bad or good, and the physical joy derived from it will never allow you to relapse into lazy breathing. Furthermore, the mere effort of singing compels the singer to stand straight and to throw out the chest, a good corrective for the bad physical habits of weak chested people."

Killed by a Shout.

A joyful shout thoughtlessly given by an Italian smuggler on having eluded the customs guards on the Swiss frontier was the cause of his six companions being killed by an avalanche. The party, coming from the Grisons, had, with a thousand precautions, successfully negotiated the Forcola pass on the Swiss-Italian border. Five of the men were loaded with valuable contraband goods, and two acted as guides and scouts. When they were all safely on Italian soil one of the guides named Marelli gave vent to a joyful yodel. In the still air the least sound causes a vibration which may set enormous masses of snow moving. This is what occurred here. A quarter of a million tons of snow detached itself from the mountain side and came thundering down upon the party, who were swept in an instant into an abyss. Marelli alone was able to extricate himself.

Checkmate!

In these days, when various schemes are being suggested by which the loser of personal property may recover it without offering an extreme reward, it is interesting to note two advertisements which appeared last summer in a German paper. In these advertisements nothing so bald as a suggestion of reward appeared. They seem merely to present two wits fencing, and the reader forgets the matter at stake. Berlin, Aug. 5.—The gentleman who found a purse, valuable beyond explanation, in the Blumenstrasse, is requested graciously to forward it to the address of the loser, as he is recognized. Berlin, Aug. 6.—The recognized gentleman who found a purse, valuable beyond explanation, begs that the loser will call at his house at the earliest convenient hour.

The Green Kind.

A naval officer who has been considerable service in South American waters once brought home two parrots, one of which he gave to the housemaid and the other to the cook.

For a long time there ensued animated discussions as to the merits of their respective birds. Finally the housemaid said:

"Your parrot may be a better talker than mine, though I don't believe it." Then, with an air of presenting the final clinching argument in her favor, she added, "Besides, you'll have to admit that mine has the most beautiful foliage."—Lippincott's.

Honored the Old Men.

A unique festival occurred in Paris in 1797 in honor of the old men. The idea was the encouragement of the family circle, and the old man who was a happy grandfather was held up to the younger generations to follow in his footsteps. "A gracious Hebe crowned their white locks with garlands of roses, while the soldiers of France presented arms in their honor."

Legislatively Expressed.

"No one can go wrong if he follows the Ten Commandments," said the sincere citizen.

"Yes," replied Senator Sorghum, "the only trouble about the Ten Commandments arises from the amendments people try to tack to them."—Washington Star.

RURAL ROUTES MUST BE SERVED

POSTOFFICE DEPARTMENT BECOMES MORE EXACTING WITH CARRIERS.

The postoffice department is becoming more stringent in requiring that all rural routes be served in entirety. Heretofore during winter storms and the rainy season the carriers would not always make the entire route each day and were allowed full pay, if they covered most of the routes after all reasonable attempts. But now the department will make a reduction in the carrier's pay upon a partial failure.

When the partial failure is due to the carrier's equipment or due to his failure, in stormy weather or in high water or bad roads, to use every endeavor to serve his route by traveling every possible road; whenever the failure is due to lack of interest in the service or misconduct on part of the carrier, sickness or any reason of a personal nature to the carrier.

Upon reaching an obstructed point he should make such deviation from the official line of travel as to avoid it. If this is impossible he must return immediately to the postoffice and start out in the opposite direction. When after leaving the postoffice he finds he cannot reach his route he must make some other road though covered by another carrier, and endeavor to serve the patrons. The excuse that the roads are slippery or too hard to travel will not be considered, as each carrier must be prepared to serve his route under all conditions of weather and the roads.

JUST TRY A TEN CENT BOX OF CASCARETS

IT INSURES YOU FOR MONTHS AGAINST A SICK HEADACHE, BILIOUSNESS, CONSTIPATION OR A BAD STOMACH.

Put aside—just once—the Salts, Cathartic Pills, Castor Oils or purgative waters which merely force a passage through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, coated tongue, Indigestion, Sour Stomach or Constipated bowels. Cascarets belong in every household. Children just love to take them.

Dramatic Notes

FAMILY THEATRE

The present attractions at the Family theatre are very entertaining, the Chamberlains, rope throwers, are very clever and amaze the audience with their feats with the rope, making it seem as if it were alive. Kimball Bros. & Siegel give a catchy song and dance and monologue act. The house was well filled last night and the audience was very enthusiastic. One of the finest pictures ever shown in Dixon was The Battle Hymn of the Republic. A fine spirit of patriotism and some of the spiritual element also was in this picture. It showed the inception of the immortal words of the Battle Hymn. It is hoped that the management will show this picture again, for it is uplifting.

A little campaign of want advertising will awaken the interest of a money-owing man in your plan. You couldn't be more eager to find backing in that enterprise of yours than is someone to find the right thing to back. If your proposition will stand analysis, you can find the man who wants to find you!

PRINCESS THEATRE

Tonight is another big night at the Princess theatre. The management announces that tonight the most talked of film will be shown, entitled Mutt and Jeff. Everybody has heard of or seen the cartoons in the Chicago American of Mutt and Jeff. The film will make you laugh from beginning to end; nothing but merriment all the way through. The other pictures for tonight are The Silent Signal, a military masterpiece showing the U. S. troops in action. The other picture is entitled Crow Chief's Defeat, an Indian story with lots of action and pretty scenery.

A BACHELOR'S HONEYMOON

All lovers of high class comedy will be delighted with the great Hoyt theatre success, "A Bachelor's Honeymoon," which will be presented at the Dixon opera house next Sunday night, Oct. 1st.

OLYMPIC.

"Uncle Sam," the hilarious farce comedy in which Thomas A. Wise and John Barrymore are appearing at the Olympic theatre, enters upon the last week of its successful engagement next Monday night. Uncle Sam has scored a tremendous success in Chicago, but Manager Chas. Dillingham is unable to extend the engagement because of prior contracts made to take Uncle Sam direct to New York Messrs. Barrymore and Wise have won hosts of new admirers by their clever work in this comedy and the splendid supporting company and the way in which the piece is staged, have elicited praise. Miss Georgia O'Ramey is now playing the leading feminine role and has scored a great personal success. The last night of Uncle Sam will be Saturday evening, Oct. 7.

Beginning Sunday, Oct. 8, "The Fortune Hunter," with a cast headed by Fred Noble and Josephine Cohan, will return to the Olympic for three weeks' engagement.

We are showing a particularly attractive line in medium and small hats. Miss Mulkins. 262

Keane & O'Malley announce their big Fall and Winter millinery opening for Tuesday and Wednesday of this week, and invite the inspection of the ladies of Dixon. 253

Catching Mrs. Jones

If Mrs. Jones buys her coffee at Smith's each week—
If the coffee in your store is better than Smith's and cheaper—
Why, TELL MRS. JONES!
Don't dash wildly across the street to tell her, though; she'd laugh at you. Insert a sane, forceful advertisement in this paper about your coffee.
We'll catch her eye by making your ad. attractive. Then all that is left for you to do is to take in the money for the coffee Mrs. Jones buys.

All Persons Applying to
Dr. R. S. Piper,
Hotel Nachusa, Dixon, Ill.
On the Above-mentioned Date will Receive all Professional Services FREE UNTIL CURED

Why You Should Come

Many have asked Dr. Piper, how it is that he can cure chronic diseases that the general practitioner can do nothing with. The general answer is: Dr. Piper has devoted his life to the specialty of Chronic Disease. He devotes all of his time to his given specialty. He does nothing but office work. Instead of having one office with a practice limited to a radius of a few miles, he has a number of offices, and his practice covers hundreds of miles. He advises for the difficult and baffling cases that have been seeking relief sometimes for years, many of which come to him and find health and happiness, through the aid of his diagnostic methods and deep acting blood remedies. His advice is always welcome to you. YOU PLACE YOURSELF UNDER NO OBLIGATION WHEN YOU CALL. Come at once and consult the doctor—next time may be too late.

Many of you who have been taking medicine and so called treatments for months will be absolutely cured in a few weeks. Very chronic cases will require somewhat longer time, but it will make no difference; you will be treated free, remedies excepted, until you can say, "I AM CURED."

Catarrh Are your lungs or bronchial tubes weak? Do you cough and expectorate diseased mucus? Does your nose stop up? Is your breath offensive? Have you a bad taste in your mouth? Have you pains in your chest? Are you bothered with shortness of breath and weak spells? Do you have throat trouble with hawking and clearing of your throat? Do you have dripping of sticky mucus from the back part of your nose into your throat? Call and have the doctor examine you. There is no need for you to have Catarrh. It often leads to that dreaded disease that is killing thousands of our best people—Consumption. Dr. Piper's treatment can be used in your home daily. No need of expensive office treatments.

Chronic Stomach Trouble causes more people to be misunderstood than any other diseased condition of the body. You are irritable in disposition—easily angered. You have plenty of ideas, but never carry any of them out. You are always tired. You have to force yourself to accomplish anything. You become blue and despondent and have many other symptoms which you know only too well. These are the mental symptoms of a deranged stomach. Other symptoms are: Bloating, Belching of gas, sour or green matter from the stomach, Pain, Distress, Weakness, Palpitation of the heart, Constipation or Diarrhoea, Unhealthy complexion, Changeable appetite, and Coated tongue. All these symptoms point to a deranged digestion. If you have any of these symptoms, lose no time. Dr. R. S. Piper's deep-acting remedies will cure you, no matter how many doctors have failed. His specialty is the curing of deep, aggravated chronic diseases. His motto is PAY HIM HIS FEE WHEN CURED.

Rheumatism Are you beginning to become sore and stiffened in your joints or muscles? Are your joints congested and swollen? Are your tendons and ligaments contracted? Do you have headaches? Is your tongue coated and your breath bad? Is your urine high colored and offensive? Do you have palpitation of your heart? Do not delay one day longer than you have to, but consult the master specialist, who will tell you what can be done for you. If there are no structural changes, your case is probably curable.

Lost Vitality Have you never recovered from an old illness? Are you despondent, blue and melancholic over your condition? Do you have stomach, constipation or loose bowels, future? Are you troubled with nervousness and trembling of your limbs? Do you have that tired feeling in the morning? Is your memory failing you? Let Dr. Piper build you up to your former condition as he has done to many suffering likewise.

Men Are you suffering from early decline, lost vital power, losses and drains, backache, weak back, shooting pains in the neck, chest, back and limbs, palpitation of the heart, restless nights, bad dreams, loss of ambition and mental activity, nervousness, irritable temper, bad blood diseases which have been neglected or mis-treated? No matter how chronic your trouble may be or how many have treated you, consult the master specialist, Dr. R. S. Piper. He cures 99% of all these cases that appeal to him. His medicines are quick acting and curative. Don't let false modesty keep you away. These diseases are just as legitimate a branch of medicine as any disease of the stomach, etc. Be a man amongst men before it is too late!

Are You Suffering From Bloating, Belching of gas or food from your stomach, Pain or distress in your stomach, constipation or loose bowels, Despondency, Melancholia, Loss of Vital Energy, Loss of ambition, Wasting, Diseases, Varicose veins, Deep-seated blood diseases, Early abuses that have been neglected, Headaches, Shooting pains in the head, neck, back, and limbs, Dizziness, Rheumatism, Auto-intoxication, Infections of a private nature, Drains and losses, Nervous prostration, Piles, Sleeplessness, Neuralgia, Poor circulation, Palpitation of the heart, Shortness of breath, Lame back, Spots floating before the eyes, Dyspepsia, Biliousness, Kidney and Bladder trouble, Catarrh of any part of the body, Epilepsy or fits, Asthma, Bronchitis, Eczema, Diseased eyes, Reduced vision for want of the proper glasses, Female diseases, or any evidence of breaking down in MAN or WOMAN? If so, consult Dr. R. S. Piper, the master specialist of Chronic Diseases. No matter how hopeless you may feel, or how many doctors have treated you, if there is a cure for you, he will tell you so. If you wish to consult a real Chicago Specialist in your home town, don't waste any time, but come at the above place at the stated time.

It is not alone the convenience, or the freshness, or the crispness, or the unusual food-value, or the digestibility, or the cleanliness, or the price, that has made Uneeda Biscuit the National Soda Cracker

TAFT TRAVELS ABOUT KANSAS

Visits Twelve Towns and Three Congressional Districts.

RECEIVED BY LARGE CROWDS

Attitude of Sunflower State, Known as Stronghold of Insurgency, is Sometimes Contradictory but Favors President.

Kansas City, Mo., Sept. 26.—President Taft's program carried him into twelve towns and through three congressional districts, so he had a kaleidoscope view of insurgent Kansas.

His reception by the people was as large in numbers as Governor Stubbs in his qualified greeting to the president had expressed a desire for. While towns seemed to be gathered at the stations enroute to greet him. Except in perhaps two instances there was not a noticeable difference between the warmth of his reception in Kansas than in the other states which he has visited on this trip. The day was undoubtedly a surprise to every one accompanying the president, perhaps including himself.

Mr. Taft ended his speech-making for the day with his address before the conservation congress here, and here he was the one to spring the surprise, for instead of carrying off the preservers of our resources to the abstruse problems of the Alaskan coal fields he bade them keep their attention at home and see to it that the American farmer was shown the way to increase the products of his land in pace with the increase of the country's population.

The great accomplishment for Mr. Taft was that he brought the people out to listen to him, and secured their thoughtful attention, while he told them of his issues.

The way that Kansas audiences received the president is interesting. When he entered Coffeyville in the morning at 7 o'clock the people were lined along the streets. There must have been some 12,000 to see him. About the only enthusiasm he aroused was among the school children, who had been given a holiday to see the president.

Then he was taken to the plaza for a speech. He had a crowd of several thousand packed in the public square to listen to him. Mr. Taft spoke on the tariff. And they listened to him thoughtfully. They cheered him moderately, but it was not a speech to call for much applause and he won his point in getting their attention in his address which was only a short version of his Grand Rapids address.

President Taft has never had as large crowds to greet him proportionate to the size of the towns, in any state on this trip as he had on this day.

In Independence Mr. Taft spoke on marriage and divorce at the request of Representative Campbell. Though he had not time enough for a very extended discussion he said much that was to the point. This proved a good topic. For this speech Mr. Taft was cheered enthusiastically.

The president in his address here covered generally the ground of his speech at the Syracuse state fair.

The impressions gained upon the attitude of this state towards the present administration are varied and often conflicting. Generally indications are better than were expected by the members of the presidential party and indicate a slow but steady improvement in the situation here from the president's viewpoint.

UNCOVERING THE MAINE

Work of Removing Mud and Cutting Away Wreckage.

Afted Section of Vessel May Be Floated, but Work Will Be Attended by Great Expense.

Havana, Sept. 26.—The removal of the mud and the cutting away of the wreckage of the sunken battleship Maine continues steadily. In addition, the superstructure, the water-tight bulkhead and the interior of the vessel amidships, are being excavated without reference to the mud and ooze on the outside of the hull.

It is the expectation of Major Ferguson of the United States engineers that the men at work will this week reach the bottom of the engine room hatch, which is a square shaft continuing uninterruptedly from the upper deck to the hold.

While the interior of the ship is much more shattered than was at first supposed it will be possible to float the after section of the ship, although it is admitted that the task will be a very expensive one.

Burglar Dies Posse Victim.

Watertown, N. Y., Sept. 26.—A body found hanging on a tree near town Saturday was identified as that of a burglar, who escaped from the county jail July 3. He was trailed for several days with bloodhounds and probably climbed the tree to hide, then fell, his head catching in a crotch.

BLASTS DESTROY FRENCH WARSHIP

\$7,000,000 Battleship Liberte Is Torn to Pieces.

DEAD WILL NUMBER HUNDREDS

Goes to Grave in Toulon Harbor—Cause of Death-Dealing Explosions Remains a Mystery—Final Estimate of Dead.

Toulon, France, Sept. 26.—The battleship Liberte, one of the best of France's warships of the pre-dreadnaught class, was blown to pieces by a series of explosions in her magazines in the roadstead here.

The number of men killed is certainly not less than 325 and may very likely reach 400.

On board the battleship Demosifone, it is reported, twenty were killed and fifty wounded by flying fragments of the wreck. The battleship Republique, which lay close to the Liberte, was badly damaged by the explosion and there were several casualties on board of her. Further, as soon as an alarm was sounded on the Liberte, many boats, both from the shore and from the other warships, went alongside to give her assistance. When the explosion came many of these were capsized or shattered, and a rain of projectiles fell upon the rest. It is inevitable that many lives were lost in this way.

The cause of the explosion remains a total mystery. Whether the fire was caused by the first of the series or preceded it remains uncertain, with conflicting testimony. Nobody can tell whether the customary order to flood the magazines was even given, or if given was already too late.

All that remains of the Liberte above water is a misshapen mass of twisted iron work, showing one of the great steel turrets, with two giant guns pointing toward the sky. The ship belonged to what is known as the Patrie class. She was an 18,500 ton battleship, with four 12-inch guns. She was well known to New Yorkers, as she was one of the three which made up the French visiting squadron at the time of the Hudson Fulton celebration three years ago. She was commanded by Captain Jaures, a brother of the Socialist leader, Jean Leon Jaures.

Paris, Sept. 26.—Latest advices from Toulon placed the death list at 425. It was also said that the latest theory of the explosion on the Liberte was that it was caused by the deflagration of the powder in the magazines. Minister Delcasse, however, agrees with Admiral Germinet that the disaster was due to a fire. The powder is known as "b." Admiral Reunier says that it caused the explosion. The Japanese naval attaché here is of the same opinion. He says that this powder was the cause of the explosion on the Japanese warship Mikasa in 1899.

FIRE ON ANOTHER WARSHIP

Suspicion of General Criminal Plot to Destroy Vessels Gains Ground.

Toulon, Sept. 26.—The battleship Patrie signalled that fire has been discovered on board in close proximity to the powder magazines.

Two hours later it was announced that the fire on board the battleship Patrie was under control. When the flames were discovered she was hauled into the drydock basin, which was immediately flooded. The cause of the first is still unknown.

A dreadful suspicion is gaining ground. The great calamity and the Patrie's peril may be the result of a criminal plot.

STRIKE THREATENS B. & O.

Telegraphers May Go Out, and Tie Up Entire System.

Cleveland, O., Sept. 26.—The order of railway telegraphers on the entire Baltimore and Ohio system is voting on a strike to enforce its demands for better pay, shorter hours and improved working conditions. Its action affects telegraphers, telephoners, levermen and station agents.

A strike by these men would tie up the Baltimore and Ohio completely, and probably would extend to other systems.

Rail Clerks Strike in South.

New Orleans, Sept. 26.—Between 600 and 700 railway clerks employed by the Illinois Valley and Yazoo and Mississippi Central railroads walked out. It is said the strike resulted from the failure of the railroad officials to reopen negotiations with the clerks' organization.

NEWSBOY DIES A LANDLORD

St. Louis Man Had a \$112,000 Apartment and Stand He Owned 23 Years.

St. Louis, Mo., Sept. 26.—William Greenburg, the richest newsboy in St. Louis, is buried. His death was caused by pneumonia.

From poverty Greenburg rose to be a landlord and at his death was the owner of a \$112,000 apartment and the news stand which he established after selling papers on the streets for almost twenty-three years.

JEWELER HELD FOR SMUGGLING

Chicago Man Nabbed by New York Customs Detectives.

WIFE'S SKIRT HAD 30 POCKETS

Woman Wears Wonderful Garment, Which Richly Rewards Investigators—Husband Had Been Doing Prosperous Business.

New York, Sept. 26.—Rudolph Neuman, a jeweler of 4825 Ashland avenue, Chicago, has made frequent trips to Europe. Hitherto he has come in unmolested by the customs sleuths.

He was held up this time after he landed from the Holland-American liner Nieuw Amsterdam from Rotterdam and Boulogne, because "information" had come from abroad that he had been buying jewelry and he had made no mention of jewelry in his declaration.

It is said that there has been also a tip from Chicago that Neuman had been doing a large business at more reasonable rates than his competitors. Acting Deputy Surveyor Davis and several inspectors looked into baggage and examined the jeweler personally, while a woman inspector searched Mrs. Neuman.

In Mrs. Neuman's petticoat there were thirty pockets and there was a package of jewelry in each. Most of the packages contained garnets. Mrs. Neuman had also a silver mesh bag in her grip which she did not declare. In a rubber, stocking-like bandage that Neuman wore on his thigh the searchers found half a dozen packages filled with unset, cut diamonds, which pay 10 per cent duty, valued at about \$1,500.

United States Commissioner Rues held the jeweler in \$2,000 bail for examination. As Mrs. Neuman had two young children with her to care for, she was released on her own recognizance, the husband being regarded as the author of the smuggling scheme.

NATIVES KILL ENSIGN

Soldier from Illinois and One from Missouri Hurt.

Brush with Natives on Philippine Is. and Results Fatally for Ensign Charles E. Hovey.

Washington, Sept. 26.—In a clash with natives on the island of Basilan, in the southern part of the Philippines, Ensign Charles E. Hovey of Portsmouth, N. H., on duty on board the gunboat Pampanga, was killed and three enlisted men were injured. Hovey had been in the navy only about eight years. The wounded are:

John H. Catherwood of Springfield, Ill., ordinary seaman, severely; F. H. McGuire of Gorconsville, Mo., hospital apprentice, slightly; George F. Henrichson of Hartford, Conn., machinist's mate, slightly injured.

The tragedy was reported to the navy department by Lieutenant John W. Schoenfeld, commanding officer of the gunboat Selros, which is supposed to be cruising with the Pampanga. No details were given.

BOYS LYNCH ANOTHER LAD

Joseph Crohona Is Found Strung Up to High Fence.

Wilkesbarre, Pa., Sept. 26.—Thirteen-year-old Joseph Crohona of Edwardsville, near here, was "lynched" by two boys and was not rescued until he was unconscious and almost dead. A man walking along the street about 11 p. m. found the boy hanging from a high fence with a rope around his neck and his hands and feet bound.

After several hours he recovered sufficiently to declare that Andrews Lipky and Edward Desbun, fifteen, had caught him and strung him up after declaring that he was the fellow they wanted. They were arrested and held for a hearing.

VIRGINIA PHYSICIAN SHOT

Man Fires Six Bullets into Him from Behind to Gratify Old Grudge.

Livingston, Va., Sept. 26.—During a recess of the Nelson county circuit court, Benjamin Hubbard, son of Colonel S. T. Hubbard, shot and killed Colonel James A. Pettit, a member of the official staff of Governor William Mann. Colonel Pettit was sitting on the Virginia hotel porch when Hubbard walked up behind the party and fired six shots into Pettit's body. Colonel Pettit was a physician and it seems that some old difficulty about attending a patient had figured in the grudge against him. Benjamin Hubbard is forty-five years old and married.

Goes Home to Kill Himself.

Philadelphia, Sept. 26.—Returning to his home after an absence of nearly a year, Robert C. Motherwell Jr., formerly warden of Moyamensing prison, rang the front door bell and then put a bullet through his brain.

BURNING DAYLIGHT

Jack London's Brilliant Story of Millions and a Maid

Will Appear in Serial Form in This Paper

BURNING DAYLIGHT is the best work yet produced by this masterful writer who has roughed it in many fields of adventure. **Burning Daylight** is a character fashioned out of the frozen North; how he comes out of the Klondike with wealth won from the obdurate earth, is vanquished and stripped of his millions in Wall Street, regains them, and returning to the West from whence he came, is conquered anew by love, then to renounce his riches, is told in the powerful style of this author who has achieved world-wide popularity.

HEALTH HINT FOR TODAY.

Tonsils and Adenoids.
Enlarged tonsils and adenoid growths are symptoms of a catarrhal condition of the body due to faulty diet and cutting them away does not remove the cause, asserts a leading practitioner, adding that the extirpation of tonsils, as of any other necessary organ, always is followed by bad results. The tonsils should never be removed, he says, unless they have been permitted to deteriorate so far as to become more of a menace to health than would be their removal. Throat specialists' opinions on this subject differed at a meeting in Philadelphia, and a committee was named to make an exhaustive report on the question in 1912.

George Chason is again clerking in the meat market.

A. A. Woodruff was in town transacting business from the Flatts on Friday.

Rev. Thos. Edwards visited on Thursday with Rev. Father Cullen and Rev. Father Gallagher at Amboy.

West Brooklyn has been rather a quiet place this week. Everybody seemed to have deserted the place and gone to the Lee county fair.

The only way we can tell who went to the fair from our town is to say nearly everybody went. Some attended only day, some two and some took in the week's program. The extra train was loaded with people both Wednesday and Thursday, and had a couple of more coach been added to the train they would have been occupied. The four cars were packed even to the bottom step of the platform.

Kathryn Bernardin went to Compton Thursday and Friday to attend the store while her parents attended the fair.

On account of the Lee county fair, the local public schools were dismissed on Thursday to allow the faculty and pupils to visit the fair for a day. The pupils nearly all profited by the day granted them and went to Amboy and report a grand time.

Rev. Jos. Parker of Lee visited in West Brooklyn Wednesday evening. He was returning from the fair and met with a mishap with his auto by having a tire give way, compelling him to run seven miles on the rim to reach our city where he could secure a new tire to replace the defective one. He partook of supper and repairing the car and then continued his journey homeward.

J. A. Granger of Beloit, Wis., made West Brooklyn a visit on Thursday.

Wednesday was the day that automobiles should have remained at home, for the roads were not fit for them to travel with success. Several of our citizens ventured out and got stuck (both ways, in pocket book, and in mud) which necessitated being pulled out with a team. The writer was one of the lucky ones, and after separating himself from a dollar bill landed on firm Mother Earth again, but some others of our people were obliged to pay as high as eight and nine times one dollar to get out. So both the auto and the pocket book got stuck. Some said horses were the sure way. Listen here, the egg man got stuck, and he had a team of horses, but just the same he had to look up reinforcements and get pulled out.

MAX MURDOCK, STREATOR ATTORNEY, CITES OLD JEWISH
LAW IN COURT.

The Streator Independent Times says:

The other day when Max Murdock, one of the most prominent young attorneys of this city, while attending to some legal matters at the county seat, requested the court to postpone a certain case in which he is interested, the judge demanding the reason.

"Well," said Max, "there isn't any thing in the law of this state or even the United States supreme court to really justify the action, but there is an old law which antedates all these. The one I refer to is the old Jewish law and is found in the book of Deuteronomy, and reads: "When a man hath taken a new wife he shall not go out to war, neither shall he be charged with any business, but he shall be free at home one year, and shall cheer up the wife he hath taken."

"The precedent is established and the cause is sufficient," declared the court, and the case is postponed.

The date of Mr. Murdock's marriage to Miss Helen Lawrence of Ottawa has been set for Saturday, Oct. 7th.

Y. M. C. A. WILL
BACK GOOD COURSE

ENTERTAINMENT COURSE OPENS
OCT. 25 WITH ENGLISH
OPERA SINGERS.

H. W. Stauffer, who has been appointed by the Y. M. C. A. board of directors to have charge of the advance sale of tickets for the coming entertainment course to be given by the association, will commence work within a few days, inasmuch as the first number of the course is to be given at the opera house October 25th.

The English opera singers, one of the best numbers of the course, will be given that evening, and Sec. Bailey, who has heard their entertainment, pronounces it exceptionally fine. A price of \$1 for the entire five numbers has been made, and the association hopes to sell at least 500 tickets before the first number is given. Inasmuch as the price of single admissions will be half of the entire course, the committee anticipates no trouble in selling the desired number.

MANY STREETS ARE
BEING REPAIRED

The street department is repairing many of the streets of the city with crushed rock, which is being packed with the big roller. Inasmuch as the improvement has been awaited all summer it is greatly appreciated by those who have to drive over the thoroughfares.

Danderine

Makes your hair grow long, heavy and luxuriant and we can prove it

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

Hair Becomes Soft, Fluffy, Lustrous and Abundant After a Danderine Hair Cleanse

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

Immediately after applying a little Danderine all dandruff will disappear, all itching of the scalp will cease and there will be no more loose or falling hair.

If you wish to double the beauty of your hair in ten minutes surely try this—moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil. In a few moments your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

If you care for beautiful, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter—A real surprise awaits you.

The Size of the Package

DON'T COMPARE BONANO with its highly condensed value, with coffee substitute of LIGHT and BULKY content.

A pound package of bean is bigger than a pound package of wheat, but not worth so much.

So with many other things.

The best, most economical or desirable goods do not come in the largest packages. As a matter of fact, the reverse is usually true.

Some food manufacturers take a SMALL amount of product and EXPAND it to a large amount of bulk, but remember there is no more nutriment in the bulk than there was in the SMALL amount started with.

Other manufacturers use a LARGER amount of product and CONCENTRATE it, and remember, there is all the value in the concentrated form that there was in the original LARGE amount.

BONANO made of fruit is condensed in the drying and roasting—has a distinctive, delicious flavor, and is the best health drink made.

The quality of BONANO is such that you only have to boil it a minute.

A 25-cent can makes 75 big cups.

Order of your grocer or send 2c stamp for sample package—enough for 10 cups.

17th YEAR IN DIXON DR. PRETTYMAN

For over 16 years DR. PRETTYMAN has been coming to Dixon every four weeks.

What he has accomplished in the time is a matter of history. Suffice it to say, it has made him a reputation that no other specialist has ever attained nor can hope to attain in this vicinity.

His Work Speaks for Itself

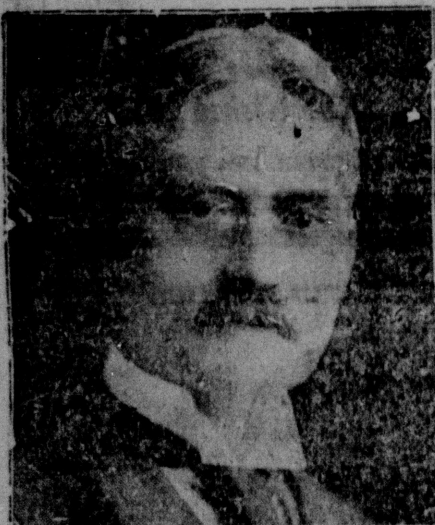

The doctor keeps abreast of the times by devoting all his spare time to clinical work in the Chicago hospitals. He is not content to rest on laurels already won but he is on the alert for anything and everything that will assist him in diagnosis and treating the many cases that come before him.

In 1909 he had special work in hospitals of London and Edinburgh and is enthusiastic over the results attained.

You Can Depend Upon Him

Others can come and go, but Dr. Prettyman continues his visits regularly and does as he agrees in every case.

In employing him, you are assured not only the best results but that he will be here for years to come.

How's Business?

THIS ad. is directed at the man who has all the business in his line in this community.

Q Mr. Merchant—You say you've got it all. You're selling them all they'll buy, anyhow. But at the same time you would like more business.

Q Make this community buy more.

Q Advertise strongly, consistently, judiciously.

Q Suppose you can buy a lot of washtubs cheap; advertise a big washtub sale in this paper. Put in an inviting picture of a washtub where people can see it the minute they look at your ad. Talk strong on washtubs. And you'll find every woman in this vicinity who has been getting along with a rickety washtub for years and years will buy a new one from you.

Q That's creative business power.

CRISIS FOR THE ARMY AND NAVY

Both Branches of Service Face Serious Loss of Officers.

YOUNGER RESIGN TO WED.

Parents of Rich Girls Demand That Husbands Enter Business—Peace Negotiations and Poor Prospect of Advancement Are Other Causes.

One of the gravest problems that have ever confronted the United States government has just arisen in the increasing frequency with which young officers who have received their education at West Point or Annapolis have been handing in their resignations before they have given a day's service to the army or navy in return for the money that the nation has expended on them. In the past few weeks ten midshipmen and ensigns have presented their resignations with reasons sufficient to cause the department to accept them. Neither West Point nor Annapolis has a large waiting list now. Where there were formerly ten applicants for entry there is now but one.

The war and navy departments are worried by the situation that has presented itself. Major General Frederick Dent Grant recently called attention to the great number of privates and corporals who have been buying their discharges from the regular army and admitted that he could see no reason for the exodus from the service.

The problem, however, is made startling by the resignations of midshipmen and ensigns. If the number of graduates continue to diminish and the men available for officering the army and navy continue to decrease drastic measures will have to be taken to keep the military and naval establishments up to the standard.

Blame Peace Propaganda.

Experts say that the peace propaganda has something to do with resignations. With no prospect for war in the near future, privates and officers of the army and sailors and officers of the navy are losing their zest for military and naval service. It is likely that in the near future, as soon as the cabinet is back in Washington, the entire subject will be thrashed out at the White House, with a view to deciding upon some method of meeting the situation.

Both the war and navy departments are periodically confronted with this question of the withdrawal of young officers from the service. A resignation is accepted only when it is believed there exists an impediment to the profitable retention of the young man. The navy suffers more than the army as to the number of reasons which disqualify an officer, one especial disqualification being susceptibility to seasickness, which necessitates resignation of many young men.

Cupid the Worst Disturber.

Major General Leonard Wood, chief of staff of the army, has just refused to permit a lieutenant of the cavalry to get out of the army to engage in civil pursuits because he was about to be married. He, however, granted the young man a three months' leave of absence for his honeymoon.

Cupid, not foreign legions, is most feared by the commanding officers of the army and navy. Of the dozen midshipmen who have asked to have their resignations accepted to enter civil life nearly all are betrothed to rich young women who do not favor their calling.

The high officials of the army and navy have fought Cupid in vain. Some midshipmen are transferred from the navy to the army, where matrimonial conditions are considered better by the young women, their husbands not having to wander all over the world away from them on warships. Then, too, the midshipmen on joining the army are immediately advanced to the grade of second lieutenant and in some cases to that of first lieutenant. This brings an increase of pay, which is not to be spurned by many officers in either service.

GRANDMOTHER AT 29.

Youngest Mother-in-law Gave Birth to Daughter at Thirteen.

A grandmother of two children at the age of twenty-nine and three at thirty years is the record of Mrs. E. W. Bender of Atlanta, Ga. It is claimed Mrs. Bender is the youngest grandmother in the world. Mrs. Bender, who is thirty-one years old, was born in 1880 in South Carolina.

She was married to E. W. Moore at Columbus, S. C. In 1892 she was only thirteen years and three months old, when her first child was born. This child, a daughter, was married in 1909 to Edward Sinclair and in January, 1910, gave birth to twins, the mother being barely sixteen and the grandmother not yet thirty. Moore died later, and his widow married E. W. Bender. In January of this year Mrs. Bender's daughter gave birth to another child.

Hit Targets at 10,000 Yards.

The Twenty-seventh company of coast artillery, practicing with the ten inch guns at Battery Cranston, in the Presidio military reservation, hit a moving target at 10,000 yards six times with six shots.

MADISON ONE OF ABLEST LAWYERS IN CONGRESS.

He Served in Two Sessions and Was an Active Worker.

Edmond H. Madison, representative in congress from the Seventh Kansas district, who died recently, was one of those who on Sept. 7, 1910, voted for the resolution calling for the removal of Secretary Ballinger from office. He submitted a substitute resolution for that of Senator Fletcher of Florida, in which he declared that the charges made by Gifford Pinchot and Louis Glavis, formerly chief of the field division of the land office, had been sustained.

To this an amendment was offered by Representative James of Kentucky providing for the removal of Secretary Ballinger. Mr. Madison accepted this and voted with the Democratic members of the investigating committee in favor of its adoption. The Republican members held that the vote was not valid because the full committee was not present, and they were then accused of delaying action.

Mr. Madison was born at Plymouth, Ill., in 1865, and went to Kansas twenty years later. He was elected county attorney of Ford county in 1886 and in 1900 became a district judge, which position he resigned in 1906 to become a candidate for congress. He had served in that body ever since. He was a striking figure over the rules fight in the last congress which resulted in the curtailment of the powers of the speaker, and he helped to win the battle for reorganization of the house methods. It was a fight marked by bitterness and parliamentary strategy for majority control in place of so called arbitrary power on the part of the speaker.

Mr. Madison served in two sessions and was an active worker. He was a member of the Ballinger-Pinchot investigating committee and took great interest in the Philippine administration inquiry by the house insular affairs committee, of which he was also a member. He defended Mr. Roosevelt, then president, in connection with the secret service appropriation controversy. He was also recognized as one of the ablest lawyers in the house.

SAD UNIFORMS FOR FRANCE.

New Cloth Has Been Adopted to Replace Red and Blue.

New, inconspicuous field uniforms have at last been chosen for the French army. Within a year the long blue coats and red trousers, the same which were the targets of the Prussian fire in 1870, will be seen no more.

The cloth of the new uniforms is not khaki. It is against all precedent in France to adopt any idea which has been approved by another nation. The French go on the principle that they can always invent something just as good and entirely different. They have, therefore, after experiments running through several years, chosen a cloth of an indescribable color—a sort of light greenish gray, which is said to harmonize with the color of field and road as to be practically invisible at long range.

Distinctions of rank will be shown by braids, chevrons and epaulets. Buttons will be in dull gold. Officers will wear the same cloth as the common soldiers. Metal helmets will give place to cloth caps. Such metal ornaments as are retained on the headgear will be replaced by colored cockades in the field. Everything shiny is to be done away with. Even the swords of the officers and the cavalry will be wrapped in such a way that they cannot glister. Two battalions thus dressed are to make their appearance at the grand military maneuvers on July 14, the national holiday. It is expected that they will be greeted with enthusiasm, for a change in the somewhat garish uniform at present worn has long been desired.

FARM WOMEN WILL MEET.

International Congress Will Discuss Problems of Agricultural Life.

The first international congress of farm women in this country opens at Colorado Springs on Oct. 17 and bids fair to be the most important convention of women ever held in this country.

The commission will discuss the equipment and beauties of the food values in rural homes, laws of physical life in relation to the family, conservation of time and strength, labor saving devices, hygiene, the economic value of women and children on the farm, influence of clubs, granges and other agricultural associations; care of infants, the rural church, reorganization of rural schools and recreation in the rural districts. There will also be demonstrations by the Colorado agricultural college, domestic science department and the department of agriculture showing the menace of the house fly.

Among the speakers on the program are Professor W. M. Hays, assistant secretary of agriculture, an author on rural school work, and the Rev. Warren H. Wilson of New York, a worker in rural churches. Practical farm women from throughout the entire country are signifying their intention to take part in the proceedings.

Women's Aviation Club.

The first women's aviation club in the world is being formed in Boston. It will include only wives, widows or near relatives of aviators who have made flights in greater Boston. Mrs. Harry N. Atwood is mentioned for the presidency.

WILL PAY \$20,000 FOR LOST HANDS

Jersey Courts Sustain Verdict in Boy's Favor.

AGAINST RAILROAD COMPANY.

Working Lad From Hungary Was Injured in Coal Car Accident—Valuations Placed by Juries on Injuries to Person Recalled.

JURY VALUATIONS OF INJURIES TO PERSON.

Damage suit prices for human bodies and parts thereof have gone up a bit since a justice decided in New Jersey ten years or so ago that a child's life was worth but a dollar. Here are some recent verdicts: Heart—A boy's; damaged by an auto in Astoria, N. Y. \$3,000. Eye—A woman nurse's; in Portland, Ore. 11,300. Throat—A man's; hit by a Brooklyn ambulance. 20,000. Throat—A woman's; cut by a knife in New York. 2,500. Tooth—A man's; dropped in his lung by a California dentist. 3,000. Voice—A woman's; spoiled by a train smash in Minnesota. 11,500. Jaw—A New York cabman's; broken by a medical passenger. 2,400. Finger—A machinist's; mangled in Nebraska. 4,900. Elbow—A man's; broken by a Long Island railroad train. 13,000. Nerves—A girl's; ruined by a slammed New York subway door. 25,000. Foot—A baby's; torn off by a White Plains (N. Y.) car. 8,000. Spine—A brick mason's; broken by a fall in New York. 6,000. Hair—A factory girl's; scared bald in Minnesota. 2,000. Kidney—A carpenter's; broken in scaffold crash at Niagara Falls. 14,300.

The New Jersey courts have sustained the \$20,000 verdict got by Frank Kovacs, a working boy from Hungary, who lost his hands in a coal car accident near Perth Amboy. The award was at the rate of \$10,000 a hand, or \$20,000 a finger.

This is said to be the highest price on record in Jersey for a boy's hands. Some years ago a justice of that state valued a babe's life at \$1. Since then juries have lifted the cost of accidents. In New York several months ago a jury awarded \$20,000 each to two bridge builders who lost their hands in an accident on the Queensboro bridge. In Brooklyn a jury gave a five-year-old boy \$16,000 for the loss of his arms in a trolley accident. In Manhattan a workman was granted \$17,500 for the loss of his leg, crushed in a cold storage plant.

In June last in Brooklyn the court awarded \$10,000 for the loss of a baby burned to death in a bonfire. In the same month in Manhattan the wife of a workman got \$10,000 for the loss of her husband, a steamfitter, in a power plant of the Brooklyn Rapid Transit. In January, 1911, in White Plains, N. Y., a jury assessed at \$10,000 the value of the life of a Lakawanna railroad freight conductor, lost in a railroad accident.

Miss Addie M. Hunt, a trained nurse, got a verdict of \$8,000 for the loss of her legs at the Great Neck station of the Long Island railroad.

It was announced that the railroad will not fight any further the \$20,000 award to the Hungarian boy, but will pay the money.

CARNEGIE PEACE PAPER.

International Organ for Suppression of War.

Working under the direction of Andrew Carnegie and supplied with funds by him a group of former diplomats of various European countries and a few trained journalists are busily engaged upon the preliminary plans for an international newspaper which has for its primal object the extinction of war.

Mr. Carnegie recognizes the fact that the press is the mightiest weapon he can command in his hobby for the creation of an epoch of world peace and to forward his ends has determined to subsidize a powerful publication which can learn the diplomatic secrets of the world and through this means circumvent secret plans calculated to incite nations to war. His plan is to expose the plots of nations far in advance of their culmination.

His theory apparently seems to be that if harmful aggressions can be stopped in the beginning through an exposure of the plans of the aggressors there will be no need of blood being spilled in a war for revenge, defense or retaliation.

From the little that has been disclosed concerning Mr. Carnegie's plans the newspaper will be controlled by a committee residing in Paris. There will be a special correspondent thoroughly in touch with every phase of world politics in every important capital; also a secret "overcorrespondent," usually a former secretary of state. Secrecy is the basic principle of the whole undertaking, and Mr. Carnegie expects to be able to know in advance the innermost plottings of every cabinet in Europe.

A Budapest editor, said to have been highly recommended by a former minister of Hungary, is now in Paris working with editors from other countries who have been selected under similar circumstances.

Feet Tired

A SIMPLE, EASILY APPLIED REMEDY FOR TIRED, HOT, ACHING, PERSPIRING FEET SICK FEET

Are your feet tired and sore? Do your feet ache? Do they burn? Are your troubled with perspiring swollen feet.

An old army surgeon compounded a remarkable remedy for sick feet, which is offered to the public under the name of HEALO.

You'll find it glorious to walk even with tight shoes by using Healo for your feet. Healo gives immediate and wonderful relief to the feet, from the very minute you use it. It is exquisitely cooling and orderless, and gives you velvety feet, sweet feet.

Healo absolutely prevents perspiration, not only of the feet, but of the arm-pits as well, ending all embarrassing and disagreeable odors caused by excessive perspiration.

Healo contains no starch or sticky ingredients, and is absolutely guaranteed.

Healo cleanses the pores of the skin, and makes the diseased tissue healthy.

Healo relieves and prevents corns and bunions.

Healo is sold in spray top boxes. All Dixon druggists sell Healo. 25c at their stores or by mail to their out of town customers. 1f

WAR CLOUD GROWING

Vessels Destined for Tripoli Detained at Constantinople.

Germany Fears Her Position as Advising Friend to Turkey and Italy Will Be Delicate One.

Berlin, Sept. 26.—The German newspapers regard the situation in Tripoli as the logical result of the Moroccan dispute. It is feared that Germany will have to play the part of an honest broker and thus she is liable to fall between two stools, her friendship for Turkey and the loyalty to her Italian ally.

Meanwhile the government has warned Italy of the risk of reopening the eastern question while the settlement of the Moroccan dispute is pending.

Germany calls upon Turkey not to place any obstacles in the way of Italy's endeavors to develop Tripoli.

London, Sept. 26.—So far as known here the situation so far as the relations of Turkey and Italy are concerned is very serious, but the Turkish embassy folks say that they have heard of no overt act on either side. From latest advices the bulk of the Italian fleet is still at Palermo, but the vessels have steam up and are ready to sail at a moment's notice.

Constantinople, Sept. 26.—The government has recalled four ships laden with troops and ammunition which were destined for Tripoli and has ordered them to aid in guarding the Dardanelles.

Paris, Sept. 26.—It is stated here on high authority that if Turkey carries out her threat to expel 50,000 Italians from her territory and boycott Italian goods Italy will declare war at once.

Alexandria, Egypt, Sept. 26.—The Italian steamship Regina Margherita, which was reported seized by the Turks, has arrived here without having been molested.

COMFORTING WORDS

MANY A DIXON HOUSEHOLD WILL FIND THEM SO

To have the pains and aches of a bad back removed, to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting word to hundreds of Dixon readers.

Mrs. A. Bott, 811 College Ave., Dixon, Ill., says: "My advanced age probably had as much to do with my kidney complaint as anything. The first symptom of my trouble was backache, sometimes accompanied by pains across my kidneys. It was difficult for me to get about and I felt miserable in every way. Doan's Kidney Pills had been used in my family with such great benefit that I was finally led to get a box at Leake Bros. & Co.'s Drug Store. They not only relieved the backache, but toned up my entire system. I consider Doan's Kidney Pills an excellent kidney medicine and I am glad to give them my endorsement."

(Statement given April 15, 1909) A Second Statement.

Mrs. Bott was interviewed on January 5, 1910 and she said: "You are at liberty to continue the publication of my former endorsement of Doan's Kidney Pills. I would not be without a supply of this remedy in the house, for I know it can be relied upon to bring relief from kidney disorders. Other members of my family have used Doan's Kidney Pills and in every instance benefit has been received."

FIRE FATAL TO FOUR

Incendiaries Apply the Torch to Tenement House.

Entire Family Is Wiped Out—Two Men Arrested on Suspicion of Setting Fire to Place.

Chicago, Sept. 26.—Four people including an entire family, lost their lives, a score of people had narrow escapes from death and many spectacular rescues were made by firemen and policemen as a result of a fire at 1336 South Sangamon street.

Three separate fires were discovered simultaneously in the four-story brick structure at that number and the people sleeping on the upper floors found the building filled with smoke when they attempted to save themselves. There was only one fire escape and it was cut off from half the tenants.

Panic-stricken women and children rushed to the windows and threatened to leap to the ground. When Battalion Chief Kerwin arrived he found the windows filled with shrieking women and children. He sent in several additional calls and a few minutes later a truck company arrived.

Ladders were raised and the terror-stricken victims were carried to the ground.

The dead are Harry Eglovitch, aged thirty-four, lived in rear on third floor, found dead from suffocation in a room where he had evidently attempted to open a window; Mrs. Lottie Eglovitch, aged twenty-one, wife of Harry Eglovitch, found dead in bed from suffocation; Bessie Eglovitch, six months old, suffocated in her bed; Joseph Clark, insurance adjuster, killed on way to fire when automobile struck car at North California avenue and Washington boulevard.

The fire attracted thousands of spectators, and when a report spread that the fire was of incendiary origin the crowd made wild threats. Two men were arrested on suspicion of having set the fires, and will be held pending an investigation.

CHICAGO WIFE KILLS SPOUSE

Mrs. Patterson, Mentioned in \$25,000 Suit, Says He Tried to Shoot Her.

Denver, Colo., Sept. 26.—Charles A. Patterson, who last week filed suit in the circuit court in Chicago for \$25,000 against Emil Strauss, a wealthy Chicago clothier, alleging that the defendant had alienated the affections of Mrs. Patterson, was shot and killed here by his wife. The shooting took place in the Agnes Memorial sanitarium, where Patterson was a patient.

Mrs. Patterson, who is twenty-five years old, alleges that her husband tried to kill her, that she grappled with him, and that the revolver was discharged accidentally during the struggle. She was placed under arrest. Patterson was twenty-seven years old and came here recently from Chicago.

UNION SCORES SLUGGING

Chicago Printers Adopt Resolutions at a Meeting.

Chicago, Sept. 26.—Emphatically denouncing the slugging of Rush V. Denon, a nonunion printer, yet asserting his belief in the innocence of the two members charged with complicity in the assault which resulted in Denon's death, the Chicago Typographical union adopted resolutions calling for the appointment of a committee to investigate the affair.

The resolution states that it has never been the policy of the printers' union to instigate acts of violence against individuals or firms opposed to its policies and promises that if the investigation discloses the guilt of the men accused they will be repudiated by the organization.
